

# Judee Pronovost

Judee calls the English Country Dance in Anaheim, California, which meets monthly on third Saturdays. For more information about that dance, please go to [www.ocecd.sdec.d.org](http://www.ocecd.sdec.d.org).

She is frequently asked to be a guest caller, her favourite assignments being the balls held by JASNA and other local events. She also taught Andrew Jackson how to dance on a History Channel presentation. Elementary school students where she teaches Kindergarten line up at her door during lunch recess, hoping to dance most days of the week.

Our San Diego County group snagged her a couple of years ago, and we are delighted that she is now one of our regular callers.

Besides being a Kindergarten teacher, Judee is a regular presenter of dance to the Orange County music teachers at Orff Schulwerk workshops.
